RISE ICREATE 2026

RISE ICREATE 2026 highlights the expanding role of **Artificial Intelligence (AI)** in strengthening research, innovation, and academic practice across disciplines.

The conference provides a dynamic international platform for:

- AI-integrated research paper presentations
- Student research and project exhibits
- AI Institutional Readiness Forum
- Academic and industry collaboration

Participation is open to all disciplines, provided that AI is meaningfully integrated into the research design, methodology, or project output.
